POOL MAINTENANCE

About Us

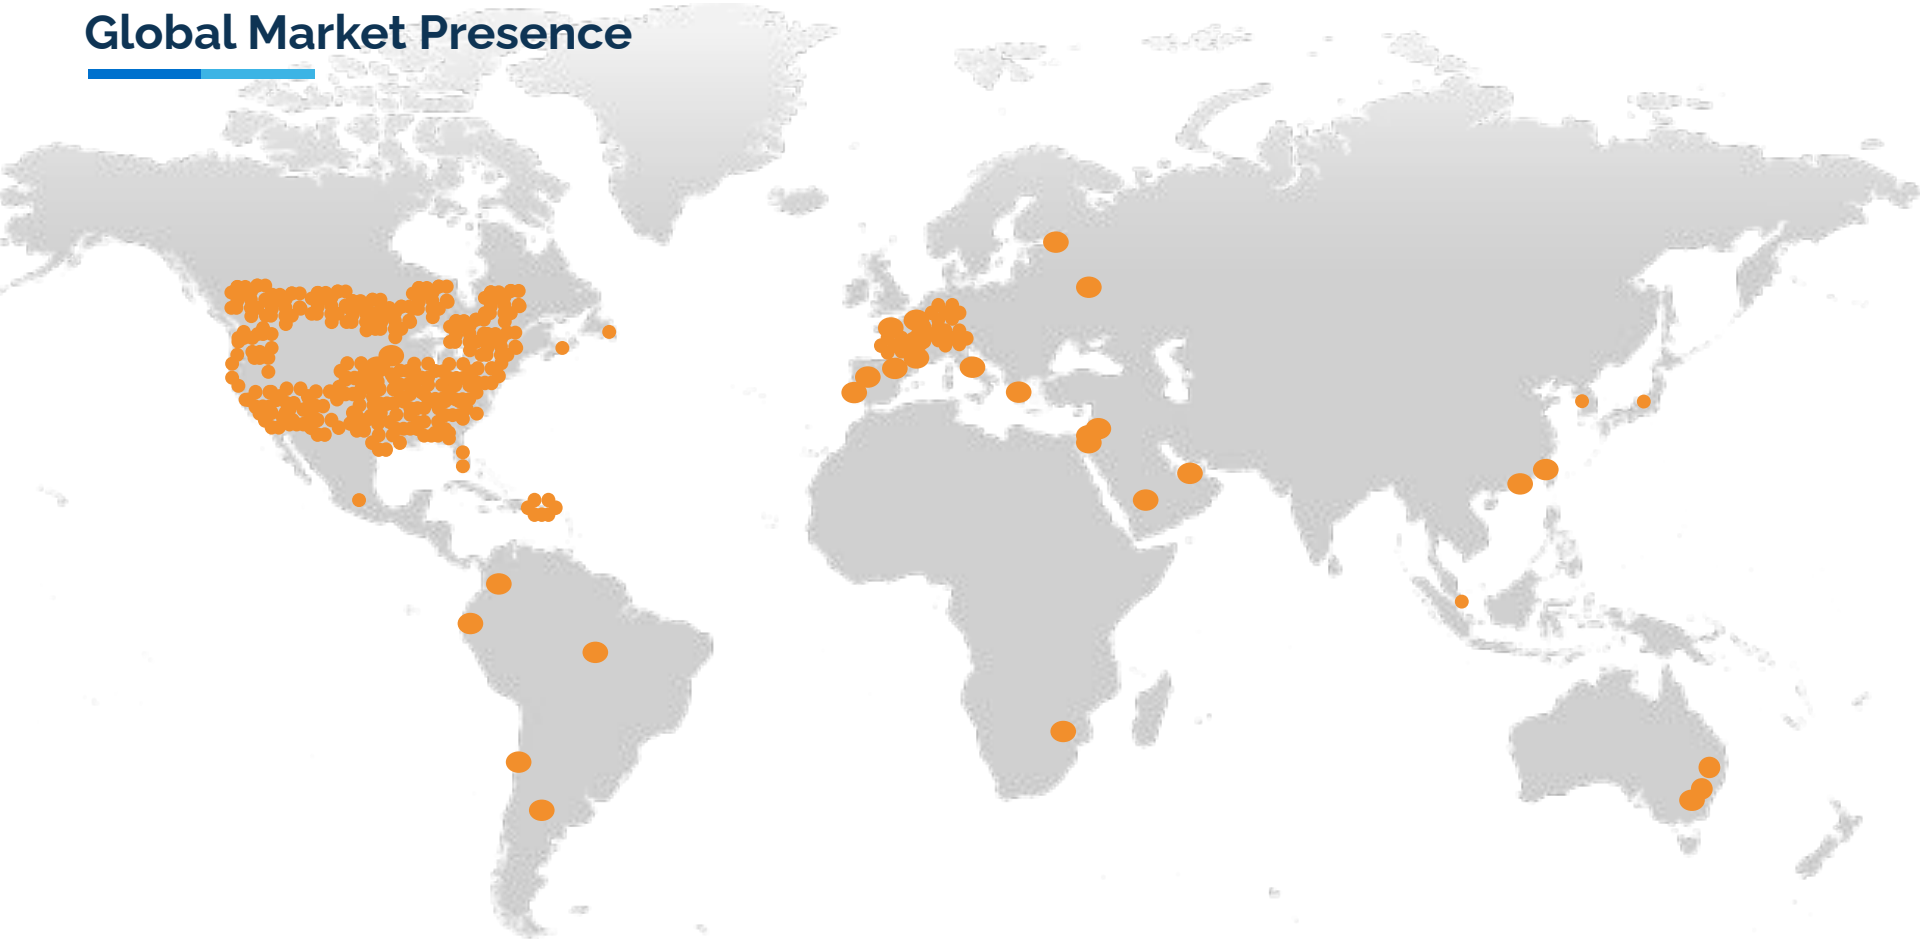

Swimline is a family owned and operated business founded in 1971 and is the leading manufacturer of high quality pool products. At its inception, Swimline was the largest manufacturer of above-ground pool liners, covers, and all related accessories.

In 1990, Swimline founded International Leisure Products, which expanded the product line to pool toys, games, fun floats and accessories. With this vast array of pool products, Swimline continued to deliver on the needs of its reputable business partners to provide quality products.

Four years later, in 1994, Swimline acquired United Leisure Industries HydroTools Inc., which allowed the company to manufacture traditional pool accessories such as leaf skimmers, pool filters, and a wide range of maintenance equipment to keep pools in top shape. HydroTools furthers our commitment to supplying quality products to the pool trade.

To capture the full spectrum of the industry, Swimline dove into the water sports market in 2007 with its new emerging brand Solstice. Continuing to tap into this sporting goods market, Solstice expanded in 2009 to include boats, kayaks, and inflatable stand up paddle boards. Our latest addition of towable items in 2017 brings our light hearted inflatable fun shapes to the water sport community.

★★★★★ Works Amazing!!!

By Ian Craig on August 22, 2017

I do not often write reviews, but this product is so good, that I felt that I had to. We recently installed an in ground pool and the first week, were getting 3 to 5 frogs per skimmer basket each morning (we have 2 skimmers). We bought two of these and placed them next to the skimmers (about a foot to 18" from the skimmer, on the shallow end side). Since we placed these in the pool, we have not had a single frog in the skimmer baskets. We have had them in place for about 3 weeks so far. When we bought them, I thought they would help a little and keep a frog or two out, but I am completely amazed at how well this product works. Highly recommend this to anyone with a pool that has a frog issue. Great invention!!

★★★★★ Fantastic!

By Bonny on October 24, 2017

Verified Purchase

We kept removing poor frogs from our pool, and once we bought this it was like magic - no frogs from then on! Love it.

★★★★★ amazing how well it works

By Kepowisz on March 5, 2017

Verified Purchase

amazing how well it works. In any summer I usually can get as many as 20-30 frogs, half dozen chipmunks, etc. This summer I had no dead animals. they were all able to escape.
